## Riflessi Veneziani

**Venetian Reflections**

**March 3 ~ May 15, 2011**

Roberto Soncin Gerometta was born in Venice and earned his law degree from the University of Padua. After practicing law in Italy for seven years, he abandoned the profession to pursue his true passion ~ photography, and has traveled the world capturing stunning images that have been published throughout Europe, the United States and Australia. His camera always in hand, Gerometta's style of travel and adventure photography is both vibrant and intimate. In this exhibition hosted by Arte ITALIA, Roberto captures breathtaking moments throughout Venice with extraordinary detail. Gerometta's travels brought him to San Francisco in 1981 where he now resides.
